NATURAL & MANUFACTURED STONE

Stone Products Overview

Beyond brick, US Brick supplies a full line of natural stone and wet-cast concrete pavers to complement any facade — suited to full-bed veneer, thin veneer, landscaping, and decorative stonework on residential and commercial projects.

All South Stone — Natural Stone

Limestone — Natural stone finish — Full bed & thin veneer applications	Premium Natural Mosaic — Blended natural stone pattern — Facade & accent work
Ashlar — Squared, coursed stone pattern — Classic architectural finish	Ledgestone — Stacked, linear stone profile — Popular for feature walls
Flagstone — 2-inch & 4-inch — Available in both thicknesses — Landscaping & decorative stonework	Color options — White, Grey & Buff — Various finishes available

FireRock — Wet-Cast Concrete Pavers

Alternative to natural stone — Architectural-grade concrete pavers — Approved for indoor & outdoor use	Range — Wide array of colors, sizes & thicknesses — Each paver is one-of-a-kind

US Brick has supplied superior building materials since 1939, supporting owners, developers, architects, property managers, and contractors with one point of contact for exterior material scopes. Contact Kyle Wray at Kwray@usbrick.com for samples, pricing, and lead times.
