THE BEAUTY OF STONE
THE SIMPLICITY OF SIDING

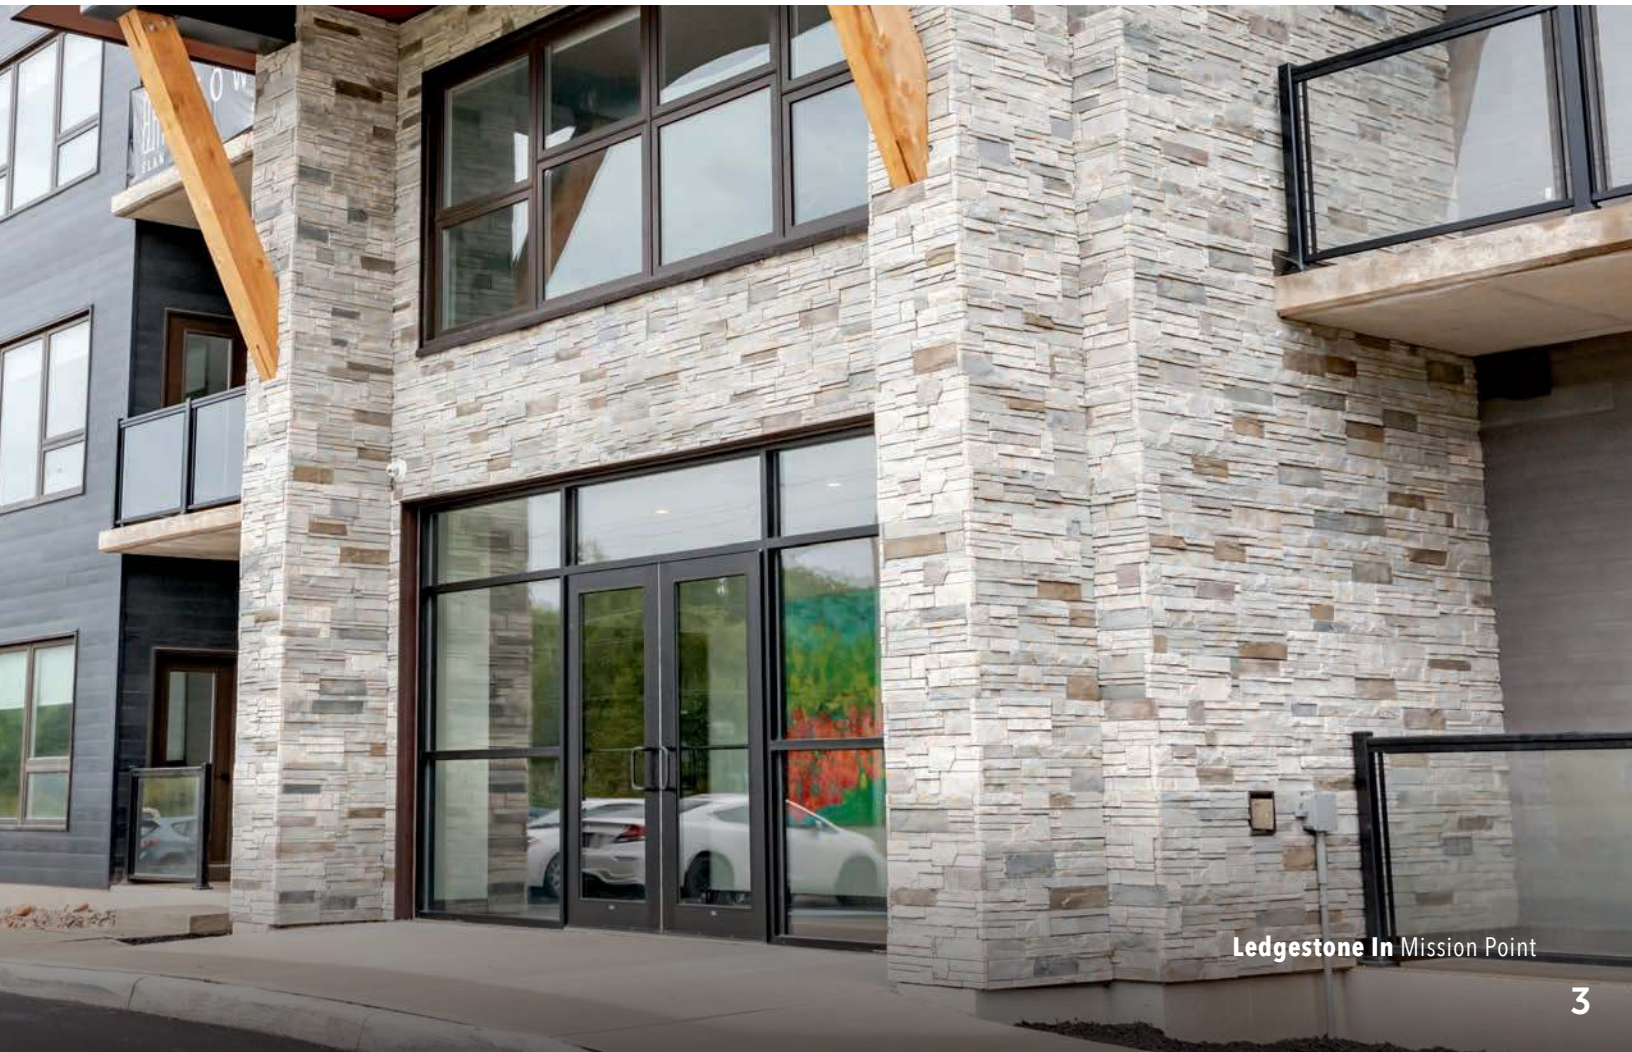

VERSETTA STONE® SIDING

THE ORIGINAL ARTISAN-CRAFTED STONE PANEL

Backed by decades in the manufactured stone industry, Versetta Stone® is the only siding to master the true look of hand-laid stone walls with panels that offer virtually undetectable joints. Whether it's for interior or exterior applications, natural shapes and handcrafted details give siding pros and DIYers a decided edge in achieving world-class design that feels warm and epic all at once.

- **50-Year Warranty**
- **Certified to contain at least 50% recycled content**
- **Flame Spread Index and Smoke Developed Index of 0**

†See Versetta Stone® Product Data Sheet for proprietary test results, located at VersettaStone.com

LEDGESTONE

Its signature traditional dry stack or sandstone look complements many home styles. Staggered layers and a rough-cut appearance balance other materials like brick, stucco and wood. Rugged texture and purposeful irregularity give it a well-worn look that suggests years in the elements.

Plum Creek

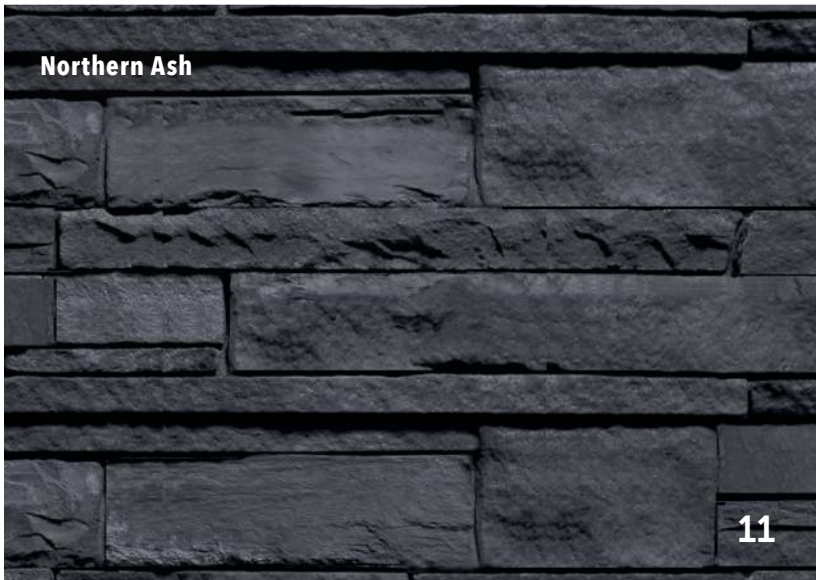

Actual colors may vary from printed representations.

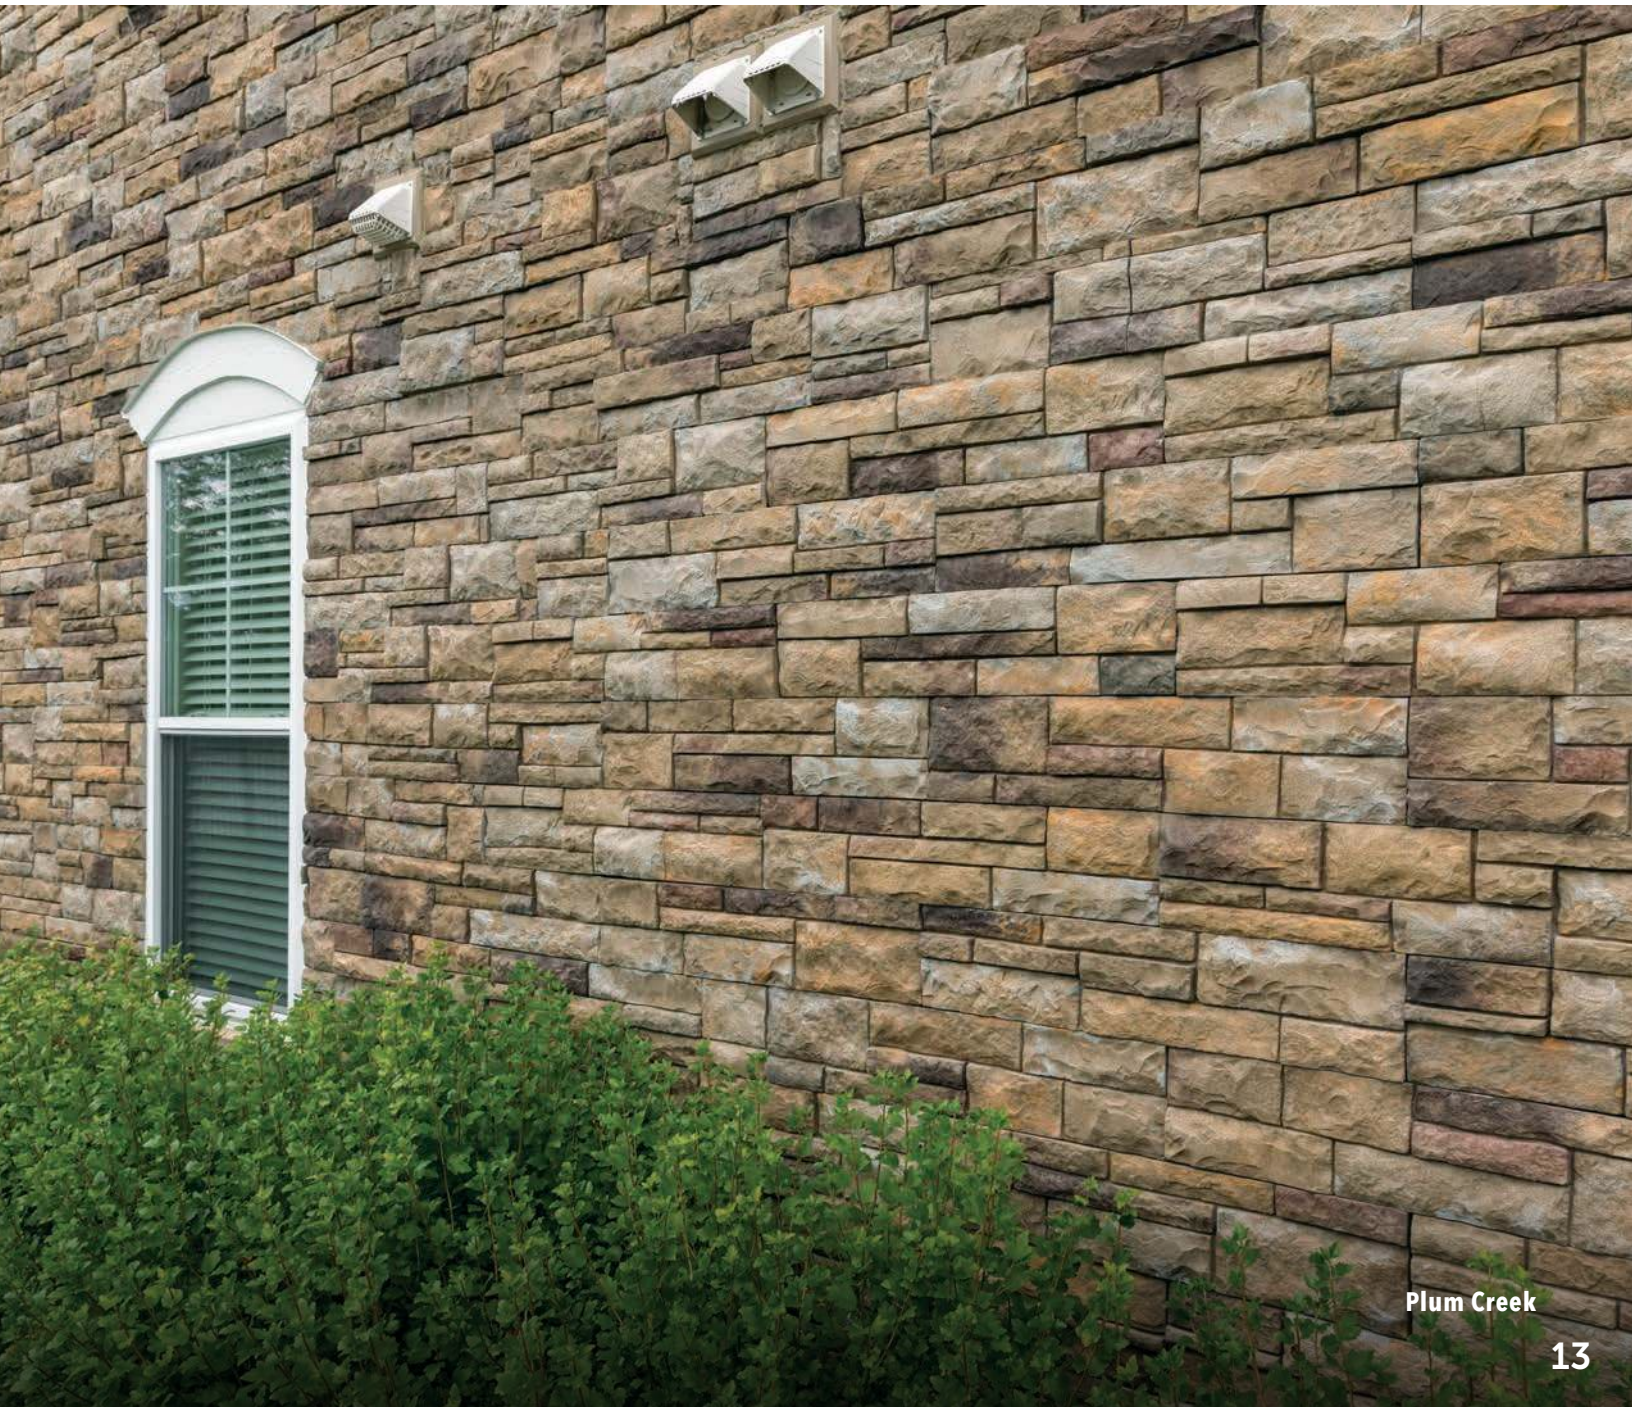

Actual colors may vary from printed representations.

TIGHT-CUT

With its traditional look of random ashlar or quarried limestone, this profile fits tightly together to emulate rural 19th century American architecture. Use it inside for an accent wall or fireplace, or outside around a patio or pool.
